*If there is anything we can do to make your stay more enjoyable please let us know.*

To help ensure an enjoyable stay for everyone please note the following Campground Rules:

**Quiet Hours** are from Midnight to 8am nightly and enforced. Please be considerate of your neighbors.

**Noise Nuisance:** When playing radios, TVs, boom boxes, etc inside or outside your RV, keep the volume to a minimum level for your enjoyment – and not for your neighbor beside you! This applies to quiet times and non-quiet times.

**Speed Limit** is 5 mph, up and down Raceday Center Drive and Campground areas.

**Campfires** must be kept inside a fire pit. Fires must be attended at all times and completely extinguished before campers retire for the night. All wood brought in from other states must be picked up and remove from property.

**Pets** must be kept on a leash at all times. Owners must clean up after them anywhere on campground property and Shower House area.

**All Vehicles in the Campground must have a parking sticker and be in their designated site.** Violators may be towed at owner's expense. **Any car** on a campsite without a RV parking sticker will be towed, at owner's expense.

**Children** under the age of 14 must be accompanied by an adult at all times. Parents are responsible for the actions of their children.

**Trash** must be disposed of in the proper Blue and White receptacles provided throughout the Campground.

**Ice and Firewood** can be purchased at the Ticket Booth or from an escort on carts throughout the day. Escorts cannot provide this service just before or after the Race.

**Spring Race Only:** please bring extra propane bottles for your camper due to unpredictable seasonal weather in April. The State of Tennessee will not allow service trucks to fill propane on site. If unit is self-contained there are locations close by to go and fill-up.

**Spring Race Full-hookup:** when temperatures fall below freezing, you are required to unhook your water supply and close valves to prevent freezing of hoses and splitters.

**Generators Primitive:** Decibel limit for primitive camping is 65. Anything louder than that can only be used during non-quiet time hours.

**Primitive Campers:** Fill up with water BEFORE you get to your site! As you pass the ticket booth, there are two hydrants with hoses provided on your right. If you require more or need to be pumped before you leave, Triple-T Pumping can come by and assist. Triple T's number is **828-265-9005**.

**Electrical Pedestals:** Lots A – B have 50amp and 15amp outlets. If your unit requires 30amp or 40amp, you will have to bring a pigtail reducer with 50amp male to 30 or 40amp female. Lot – F has 30amp and 15amp only. This is only available for sites 6 – 10. Sites 6 and 10 will need at least a 40ft extension cord to reach the panel at the end of site 8. Sites 7 and 9 will need at least a 20ft extension cord.

**Unhooking:** When disconnecting from utilities and sewer, please make sure all water valves are cut off, replace cover to water box and set sewer cap back over pipe if removed.
